

**Cliniques Michel Pop receives the highest distinction  
in the Qmentum program:  
*Accredited with Exemplary Standing***

***Accreditation that provides a guarantee of superior quality of care***

**Montréal, January 21, 2019**—As part of its participation in the Qmentum program, Cliniques Michel Pop, located in Montréal and Gatineau, has received the highest distinction awarded by Accreditation Canada—Accredited with Exemplary Standing—a prestigious certificate that recognizes Cliniques Michel Pop’s commitment to providing safe, high-quality health care.

“We are delighted to have received this highest distinction in the Qmentum Accreditation Program by Accreditation Canada, an organization with which we have worked closely for several years to have the quality of our care and services certified, as well as to provide an appropriate framework for future development of practices in our clinics,” says Dr. Michel Pop, President of Cliniques Michel Pop. He adds: “We remain firmly committed to providing the highest quality of care to our patients, and the Qmentum Accreditation Program is fully in line with our pledge to continually improve our governance and practices, all while providing our patients with every possible assurance of quality.”

**Accreditation Canada**

Accreditation Canada is an organization dedicated to exemplary health and social services practices. Its mission is to provide guidance and assessment services to care-delivery organizations across Canada, ensuring their compliance with the strictest standards and encouraging adoption of state-of-the-art practices. **About Cliniques Michel Pop**

Cliniques Michel Pop, located in Montréal and Gatineau, has long been recognized for its advanced ophthalmological surgical techniques and equipment. The clinics specialize in Excimer laser vision correction (Wavefront, Lasik, PRK), cataract surgery, intraocular lens insertion and treatment of keratoconus. Research is also an important part of Cliniques Michel Pop’s activities. Dr. Michel Pop has an excellent reputation in the field of eye care, acting as a speaker for academic groups and as an expert consultant for the development of new technologies.
